

STEPHEN KINGSLEY FEMI

PRODUCT MANAGER | PROJECT MANAGER

Lagos, Nigeria • 0805 288 0962 • thekingfemi32@gmail.com • linkedin.com/in/thekingfemi32

PROFESSIONAL SUMMARY

Product and Project Manager with 4 years spanning end to end delivery and product ownership across telecom, VAS, and B2B messaging platforms. Experienced on both sides of the product lifecycle: driving project execution, scheduling, and stakeholder alignment for technical rollouts, and independently building and maintaining a live SaaS product from feature scoping through to delivery. Combines a technical foundation (Node.js, React, PostgreSQL, REST APIs) with commercial input into pricing and rollout decisions, enabling grounded, engineering aware product and project decisions rather than purely process-driven management.

CORE COMPETENCIES

Product Ownership	Feature scoping, prioritization, and roadmap decisions for a live B2B messaging platform
Project Delivery	End-to-end planning, scheduling, and stakeholder coordination across Agile and Waterfall approaches
Pricing & Commercial Input	Contributing to pricing models and go-to-market/rollout planning for new services
Technical Fluency	Node.js, React, PostgreSQL, MySQL, Redis, REST APIs able to scope and validate feasibility directly with engineers
Stakeholder & Vendor Management	Aligning engineering, network operators, aggregators, and enterprise clients
Risk & Quality Management	Monitoring dashboards and proactive issue resolution before customer impact
Reporting & Documentation	Automated performance reporting; technical and process documentation
Tools	Jira, Postman, Git, Notion, Slack, Trello

WORK EXPERIENCE

Technical Project Manager

Mar 2024 – Present

Venix Partners Limited | Lagos, Nigeria

- Lead end-to-end delivery of Value Added Services (VAS) rollouts across MTN, Glo, and Airtel, managing integration testing, UAT, and go live within agreed SLA timelines using stage gated (Waterfall) planning for infrastructure milestones and Agile sprints for platform features.
- Coordinate internal engineers, third-party content providers, and network operator contacts, keeping projects on schedule and within budget through regular stakeholder alignment.
- Manage API integrations between internal platforms and telecom aggregators, maintaining provisioning accuracy and billing synchronisation.
- Contribute directly to pricing decisions, feature and rollout planning, and technical documentation for new services, acting as a bridge between commercial requirements and engineering feasibility.
- Set up monitoring dashboards for proactive risk and quality management, catching service delivery issues before they affect customers.

Project Manager (Technical Operations)

Dec 2023 – Oct 2024

Briccs International Ideal Limited | Lagos, Nigeria

- Managed bulk SMS delivery infrastructure across multiple enterprise clients, overseeing system reliability, service continuity, and quality standards.
- Built an automated daily SMS traffic reporting system, cutting manual reporting workload and improving stakeholder visibility into performance.
- Partnered with technical teams at MTN, Glo, and Airtel to troubleshoot delivery failures and improve delivery success rates.
- Supported third-party SMS gateway integrations and API configuration for message routing, coordinating vendor timelines and costs.

PRODUCT OWNERSHIP — TECHNICAL PROJECTS

Mesaj — Bulk SMS & Business Communications Platform (2025)

- Own and maintain a full-stack B2B messaging product offering bulk SMS, WhatsApp API, voice, and IVR services to Nigerian businesses independently scoping features, prioritizing the roadmap, and shipping message scheduling and delivery reporting capabilities.

Turnaj — Backend Infrastructure (2025)

- Own and Maintained venix cloud and Billmagic a diigital payment platform.

EDUCATION

B.Sc. Computer Science

Oct 2019 – Jul 2023

Veritas University, Abuja, Nigeria

CERTIFICATIONS & TRAINING

- PMP Exam Prep — 35-Hour Contact Hours Course, Udemy (2025)
- DevOps: Beginner to Advanced — Udemy (Oct 2025)
- Data Science Complete Bootcamp — 365 Careers / Udemy (Oct 2025)
- Cyber Ops Associate — Cisco (May 2023)
- IT Essentials — Cisco (Oct 2023)
